# MOTION TO ACCEPT CORRECTED EXHIBITS FOR COMMENTS OF PILGRIM TELEPHONE, INC.

On November 13, 1998, Pilgrim Telephone, Inc. ("Pilgrim"), by counsel, and pursuant to the captioned Notice of Proposed Rule Making, issued by the Federal Communications Commission ("FCC"), filed comments on the FCC's proposal. The exhibit to Pilgrim's comments contained slight inaccuracies.

Pilgrim respectfully requests that the incorrect exhibit be retracted and that the FCC accept the attached corrected exhibit to Pilgrim's comments.

Respectfully Submitted,

PILGRIM TELEPHONE, INC.

Dated: November 16, 1998

Walter Steimel, Jr., Esq.

Subject: Commission Decision Regarding CRTC Interconnection Steering
Committee Dispute on Billing and Collection Service Requirements

)

This letter constitutes the Commission's decision concerning whether, pursuant to <u>Local Competition</u>, Telecom Decision CRTC 97-8, 1 May 1997 (Decision 97-8), Competitive Local Exchange Carriers (CLECs) are required to provide Billing and Collection (B&C) services for Interexchange service providers similar to that provided by Stentor Resource Centre Inc. (Stentor) Operating Companies (SOCs).

fONOROLA Inc. (fONOROLA), Microcell Telecommunications Inc. and Vidéotron Télécom Ltée (Microcell et al) and Clearnet Communications Inc. (Clearnet) submitted that equal access only requires CLECs to provide pre-subscribed 1 + dialling to their subscribers, and does not require that they provide B&C services. They differentiated between "basic" or "essential" equal access (pre-subscribed 1 + dialling) and "enhanced" or "notional" equal access (providing B&C services). While fONOROLA, Microcell et al and Clearnet recognised that market forces may require them to provide such calls as alternate billed service (ABS) calls(e.g., collect, third party), they argued that if CLECs have to bill and collect, and ensure completion of all types of calls, they will also need to offer those services to their customers to stay competitive, fONOROLA, Microcell et al and Clearnet submitted that requiring CLECs to provide B&C services limits customer choice, as it limits the panoply of local service pricing options that CLECs could offer to customers. Furthermore, fONOROLA and Microcell et al raised concerns that they could be held liable for fraudulent calls billed to their customers even though they could not verify the legitimacy of the call.

Stentor submitted that, without B&C agreements, Interexchange carriers (IXCs) would not be able to bill for certain calls, such as ABS calls if such calls are charged to a line not pre-subscribed to the IXC handling the call. Since Decision 97-8 requires CLECs to provide equal access at terms and conditions equivalent to those contained in the Incumbent Local Exchange Carriers' (ILECs) tariffs, and states that subscribers should be able to complete calls with at least the same ease and efficiency as they currently do, Stentor submitted that CLECs must provide B&C services. Stentor further submitted that the Commission has ruled that equal access includes B&C services; thus it would be reviewing and varying previous decisions if it decided that CLECs are not required to provide B&C services.

Call-Net Enterprises Inc. (Call-Net) also submitted that CLECs had to provide B&C services. Call-Net stated that the Commission ordered ILECs to provide B&C services to prevent them from conferring an undue advantage on their toll services segments. Call-Net submitted that if CLECs were not required to provide B&C services, they would confer an undue advantage on their toll services segments, where they provide them. Call-Net also submitted that CLECs should be required to provide B&C services for social considerations, to ensure that subscribers be able to place calls with those LECs to which they are not pre-subscribed, in case of emergency, for example.

Both Stentor and Call-Net submitted that submissions that CLECs could potentially be held liable for fraudulent charges were unfounded, as B&C agreements protect and compensate LECs providing B&C services regarding liability for fraudulent calls. Stentor and Call-Net also submitted that issues concerning fraud and other operational and technological problems raised by the other parties were outside the scope of this dispute. Finally, Stentor and Call-Net stated that the Commission has never differentiated between "basic" or "essential" equal access and "enhanced" or "notional" equal access, as submitted by the other parties.

The Commission notes that, pursuant to Competition in the Provision of Public Long Distance Voice Telephone Services and Related Resale and Sharing Issues, Telecom Decision CRTC 92-12, 12 June 1992, ILECs must bill and collect on behalf of IXCs for casual calls and for calls charged to a line not presubscribed to the carrier handling the call. For their part, IXCs are required to execute a B&C service agreement, which details the terms and conditions of the service with the ILEC. The agreement specifies that, subject to certain restrictions, the ILEC will purchase from the IXC all accounts receivable for certain types of calls.

Paragraph 190 of Decision 97-8 states that CLECs must provide equal access at terms and conditions that are equivalent to those contained in the ILECs' tariffs. CLECs must justify any departure from these terms and conditions, including the B&C service agreement referred to in the tariff.

The Commission considers that equal access includes more than pre-subscribed 1 + dialling capability. As pointed out above, previous Commission rulings have defined the equal access environment in Canada. For example, in Decision 92-12, when determining equal access, the Commission stated that non-discriminatory access to local exchange facilities and related services and information extends to ancillary local facilities and services such as B&C services. Also, in <u>Unbundled Rates to Provide Equal Access</u>, Telecom Decision CRTC 97-6, 10 April 1997, the Commission included the rate for B&C services as a component of the equal access tariff.

The Commission is of the view that CLEC-provided equal access must include B&C services in order to give customers the ability to complete all types of calls with at least the same ease and efficiency that users enjoy at present, regardless of the service provider which originates, routes and/or terminates the call. In the Commission's view, no party has provided evidence to support departure from the Commission's requirement that CLECs be required to provide equal access under the same terms and conditions as the ILECs in respect of B&C services.

Finally, the Commission agrees with Stentor and Call-Net that concerns regarding fraud and other operational and technological issues fall outside the scope of this proceeding. The Commission notes that they could be addressed within the CISC B&C task force.

Yours sincerely,

Laura M. Talbot-Allan Secretary General and Chief Operating Officer Stentor Resource Centre Inc.

R.F. Farmer Vice-President Regulatory Matters

1998 08 12

Mrs. Laura M. Talbot-Allan
Secretary General and
Chief Operating Officer
Canadlan Radio-television and
Telecommunications Commission
Ottawa, Ontario
K1A 0N2

Dear Mrs. Talbot-Allan:

Subject:

Central Fund Administration Agreement (Ontario and Quebec): Filing of LEC Accession Agreement for Vidéotron Télécom Itée

- 1. In accordance with section 29(c) of the <u>Telecommunications Act</u>, Stentor Resource Centre Inc. is filing, on behalf of and with the concurrence of Bell Canada, the enclosed executed LEC Accession Agreement which makes Vidéotron Télécom Itée ("VTL") a party to the Central Fund Administration Agreement (Ontario and Quebec) (the "CFA Agreement"), filed with the Commission on March 16, 1998.
- 2. Section 10.14 of the CFA Agreement states:

Upon a Local Exchange Carrier, other than a Local Exchange Carrier which is an original party to this Agreement, having been confirmed to the CFA by the CRTC as meeting all of the requirements of the CRTC for a Local Exchange Carrier within the Bell Canada Operating Territory, such Local Exchange Carrier shall become a party to this Agreement in the manner hereinafter provided in this Section 10.14. Each such Local Exchange Carrier shall execute and deliver to the CFA a LEC Accession Agreement. Upon such LEC Accession Agreement having been countersigned by the CFA, and the CFA shall so counter-sign such LEC Accession Agreement upon being provided with such confirmation as it may reasonably require that such Local Exchange Carrier has been authorized by the CRTC to be a Local Exchange Carrier within the Bell Canada Operating Territory, such Local Exchange Carrier shall be considered a party to this Agreement

IXXCUMENT CONTROL & DISTRIBUTION CENTRE

160 Elgin St., Floor 22

Ottawa, Ontario KIG 3J4

Tel: (613) 781-7004

Fax: (613) 781-3395

Internet ID: SRCL Regulatory Stenior.ca

as a LEC as of the effective date set forth in such LEC Accession Agreement to the same extent as if such Local Exchange Carrier had been an original signatory to this Agreement as a LEC, and such Local Exchange Carrier shall be entitled to all of the benefits set forth in this Agreement which are for the benefit of LECs hereunder and shall be subject to all of the obligations of a LEC as set forth in this Agreement, all without any further action or requirement on the part of any other party to this Agreement.

- 3. On April 9, 1998, VTL filed Tariff Notice 3, requesting Commission approval of its General Tariff. This General Tariff includes terms of service governing its provision of services to other telecommunications service providers, and tariffs pertaining to access services for interconnection with interexchange carriers, wireless service providers and other local exchange carriers. By letter, dated June 3, 1998, the Commission granted interim approval to VTL's Tariff Notice 3, conditional on certain modifications being implemented. VTL has issued revised tariff pages implementing these modifications.
- 4. All of which is respectively submitted.

Yours truly

Vice-President -Regulatory Matters

Encl.

c.c.: Bell Canada

Mr. Stephen Whitehead, c/o Johnston & Buchan - Secretary (Canadian Portable Contribution Consortium Inc.)

Mr. Chris Myles, c/o Stentor Canadian Network Management

#### ORDER

Ottawa, 23 September 1998

Telecom Order CRTC 98-942

On 12 August 1998, Stentor Resource Centre Inc. filed, on behalf of and with the concurrence of Bell Canada, an application for approval of a Local Exchange Carrier Accession Agreement, which makes Vidéotron Télécom Itée a party to the Central Fund Administration Agreement (Ontario and Quebec).

File No.: 8340-S1-0094/00

In light of the foregoing, the Commission orders that:

The proposed agreement is approved on an interim basis.

Laura M. Talbot-Allan Secretary General

This document is available in alternative format upon request.

## **ORDONNANCE**

Ottawa, le 23 septembre 1998

Ordonnance Télécom CRTC 98-942

Le 12 août 1998, le Centre de ressources Stentor Inc. a, au nom et avec l'accord de Bell Canada, déposé une demande en vue de faire approuver un accord d'accès d'entreprise de services locaux qui fait de Vidéotron Télécom Itée une partie à l'accord de gestion du fonds central (Ontario et Québec).

No de dossier: 8340-S1-0094/00

Compte tenu de ce qui précède, le Conseil ordonne ce qui suit :

L'accord proposé est approuvé provisoirement.

La secrétaire générale Leura M. Talbot-Allan

Ce document est disponible, sur demande, en média substitut.

# RECORD LAYOUT SHADING REQUIREMENTS

The required definition and use of Field Shading for record layouts within this document is defined as follows:

#### FIELD

#### DESCRIPTION

#### Shaded

This field is not required and therefore, not applicable to this record. The field should be populated with the correct default value. The only edit performed on this field is a numeric check (if the field is defined as numeric). Use of this field to pass "local information" is discouraged. On returned records, this field may contain the default value regardless of how the sending company populated it.

#### Unshaded

This field is required and therefore will contain information based on the field definition. Under certain circumstances, it may be appropriate to populate this field with the default value indicating "no information". For example, if state and/or local taxes do not apply to a message, the "State Tax" and/or "Local Tax" fields will contain zeros.

Note The proper default for a numeric field is zeros. The proper default for an alphanumeric field is blanks.

| Category | Group | Record Type |

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 06: NON-DIAL CONFERENCE CHARGE

### Use of Record:

This record is used to bill all charges associated with an operator serviced conference call.

| Headers/Trailers: | CMDS | Local |
|-------------------|------|-------|
| 20-20-01/02       | Υ    | Υ     |
| 20-21-01/02       | N    | Υ     |
| 20-22-01/02       | Υ    | Υ     |
| 20-22-03/04       | Y    | Υ     |

# **Special Considerations:**

- The operator must connect all conferees.
- This record could be associated with two or more (optional) Non-Dial Conference Leg records (01-01-07).

 Record Type

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 07: NON-DIAL CONFERENCE LEG

#### **Use of Record:**

This is an optional record used for bill display only and provides the detail of each \* individual leg associated with a conference call.

| Headers/Trailers: | <u>CMDS</u> | Local |
|-------------------|-------------|-------|
| 20-20-01/02       | Y           | Υ     |
| 20-21-01/02       | N           | Y     |
| 20-22-01/02       | Υ           | Υ     |
| 20-22-03/04       | Υ           | Υ     |

### **Special Considerations:**

• This record, when used, is always associated with a Non-Dial Conference Charge Record (01-01-06).

| Category | Group | Record Type |

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 08: DIALED CONFERENCE BRIDGE CHARGE

### Use of Record:

This record is used to bill all charges associated with the connection of a non- \* operator serviced conference call.

| Headers/Trailers: | CMDS | Local |
|-------------------|------|-------|
| 20-20-01/02       | Y    | Υ     |
| 20-21-01/02       | N    | Υ     |
| 20-22-01/02       | Y    | Υ     |
| 20-22-03/04       | Υ    | Υ     |

### **Special Considerations:**

- Conferees must dial in for connection to the Bridge.
- Charges for individual conferee's dial-in to the Bridge are billed as regular toll or, if applicable, local.

 Record Type

Category 01: BILLABLE MESSAGE

roup 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 32: DIRECTORY ASSISTANCE CHARGE

### Use of Record:

This record is used to bill charges for messages terminating to a directory assistance \* service (e.g. 411 or 555-1212).

| Headers/Trailers: | <u>CMDS</u> | Local |
|-------------------|-------------|-------|
| 20-20-01/02       | Υ           | Υ     |
| 20-21-01/02       | N           | Υ     |
| 20-22-01/02       | Υ           | Υ     |
| 20-22-03/04       | Υ           | Υ     |

# **Special Considerations:**

- To Number Length of 6 is acceptable on local DA.
- Terminating NXX should be 411 or 555.

| Category | Group | Record Type |

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 16: INFORMATION PROVIDER SERVICE CHARGE

### Use of Record:

This record is used to bill a service charge for a call terminating to an Information \* Provider.

| Headers/Trailers: | <b>CMDS</b> | Local |
|-------------------|-------------|-------|
| 20-20-01/02       | Υ           | Υ     |
| 20-21-01/02       | N           | Υ     |
| 20-22-01/02       | Y           | Υ     |
| 20-22-03/04       | Y           | Υ     |

### **Special Considerations:**

- Traditionally, NPA 700 and 900 or NXX 976 have been reserved for IP Service; however, IP services are not limited to these terminating numbers.
- Record is for use with non-DA 555 (NXX) type of service.

 Record Type

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 25: 800 SERVICE (RECORDED AT SSP)

### Use of Record:

This record is used to bill the charge for 800 Data Base Service (DBS).

**Headers/Trailers: CMDS** Local 20-20-01/02 Y Υ 20-21-01/02 Y N Υ 20-22-01/02 20-22-03/04 Υ Υ Y 20-23-09/10 Ν

### **Special Considerations:**

- The "Destination Number" ("Destination Number/Billing Number" or "Destination \* Number 2"), contains the translated POTS number (translated from the dialed 800 \* number) when that number is available; otherwise, the "Destination Number" field \* repeats the dialed 800 number.
- The "North American From Place" and "State" is an optional field.
- Use of the "Destination Number/Billing Number" and "Destination Number 2 " fields is negotiated between the sending and receiving companies.

|----------|-------|-------------|
| Category | Group | Record Type |

Category 01: BILLABLE MESSAGE

Group 01: NORTH AMERICAN ORIGINATED, TERMINATED AND BILLABLE

Rec. Type 31: LOCAL OR MESSAGE UNIT CHARGE

#### Use of Record:

This record is used to bill a charge associated with a local message as identified in a \* local tariff.

| Headers/Trailers: | <u>CMDS</u> | Local |
|-------------------|-------------|-------|
| 20-20-01/02       | Υ           | Υ     |
| 20-21-01/02       | N           | Y     |
| 20-22-01/02       | Υ           | Υ     |
| 20-22-03/04       | Υ           | Υ     |

### **Special Considerations:**

• Carrier Identification Code (CIC) will be non-zero when the call is billed to an interexchange carrier (IC) billing card (e.g., CIID or 891), the message was purchased by the IC and forwarded to an EC for billing using a 20-22-03/04 header/trailer. Otherwise, the CIC will always be zeros.

# LIABILITY FOR UNAUTHORIZED CHARGES CASE SUMMARIES

#### Liability for Unauthorized Charges Case Summaries:

- \*\*AT&T v. City of New York, 83 F.3d 549 (2nd Cir. 1996):

  "FCC has determined that a party can "order" toll (long-distance) service, and thus become a "customer" -- i.e., liable under the tariff -- in two ways: (1) by affirmatively ordering service by presubscribing, or (2) by "constructively" ordering and creating an inadvertent carrier-customer relationship" by failing to take reasonable steps to control unauthorized charging of AT&T long-distance calls to the party's telephone number." (emphasis added).

  \*For purposes of "constructive ordering," it is enough that the calls were placed from the customer's phone, regardless of who placed them and/or under what conditions.
- Customer has a duty to take reasonable steps to prevent unauthorized calls, and this determination can be material with regard to liability.
- American Message Ctrs. v. FCC, 50 F.3d 35 (D.C. Cir. 1995)

  FCC appropriately determined that Sprint's tariffs clearly and explicitly require its customers to pay for all completed calls.
- Pursuant to Sprint's tariff, "if Sprint provides service -in other words, if the call goes through -- the customer has
  to pay for the call." Liability for toll fraud or
  unauthorized calls need not be specifically set forth.
- AT&T v. Intrend Ropes, 944 F.Supp. 701 (C.D. Ill. 1996):

  To avoid liability pursuant as set forth in AT&T's tariff, customer must demonstrate that they "lacked the ability to control" the mechanism by which the calls were being made.
- AT&T v. Community Health Group, 931 F.Supp. 719 (S.D. Cal. 1995):
  "Constructive ordering" sufficient to establish customer liability.
- Customer has duty to, if possible, control unauthorized charging of services to its phone, and failure to do so presents significant obstacle to avoiding liability (particularly mentions CHG's failure to implement line-blocking features).
- "[C]ustomer is liable for all long distance calls made from its on-premises [equipment (in this case a PBX)], regardless of whether such calls were unauthorized or fraudulent." (italics in original, underlining added).
- MCI v. Ameri-Tel, Inc., 852 F.Supp. 659 (N.D. Ill. 1994)
  "Though it has been careful to limit the decisions to the record made in specific cases, the FCC has not held that it is an unreasonable practice to seek recovery of unauthorized charges from a customer. In fact, its current decisions appear to indicate the opposite is true[.]"
- Recognizes that the FCC has already indicated its view that a carrier's attempt to collect unauthorized charges in a PBX

fraud case is not unreasonable if consistent with the terms of its tariff.

- The Court ultimately concludes that there was no need for it "to delve deep into the world of information indicators, automatic number identifiers, operator line screening, billed number screening," etc., in deciding that it would rule that subscribers are liable for "unauthorized" calls.
- Recognized that customer had subscribed to blocking services through LEC but, because MCI was not provider of that service, it was not a bar to MCI's recovery for "unauthorized" charges pursuant to its tariff.

# AT&T v. N.Y. City Human Resources Admin., 833 F.Supp. 962 (S.D.N.Y. 1993):

- Tariffs are not mere contracts, but rather have the force of law, and they conclusively and exclusively enumerate the rights and liabilities of the contracting parties
- Pursuant to tariff, customers are liable for charges for (off-premise) unauthorized calls (citing and explaining AT&T v. ITT Consumer Fin. Corp., 3-89 Civ 374 (D. Minn. 1990)).
- All four cases cited by this case, including the Minnesota case, "reaffirm well settled law that, under [AT&T's] Tariff, a customer is responsible for all calls placed from his or her telephone, whether authorized or not." (emphasis added).
- AT&T not deemed to have engaged in willful misconduct sufficient to vitiate liability under tariff because it did not have knowledge of unauthorized nature of calls.
- · AT&T had no general duty to warn of potential of toll fraud.
- AT&T v. Jiffy Lube Int'l, Inc., 813 F.Supp. 1164 (D. Md. 1993):

  "[C] ase law going back to Southwestern Tel. & Tel. Co. v.

  Sharp & White, 118 Ark. 541, 117 S.W. 25 (1915), holds that a telephone call will be charged to the number from which it originated, whether authorized or not." (emphasis added.
- AT&T's Tariff squarely places responsibility upon a customer for calls, whether or not "authorized" which "originated" at the customer's number (citing four cases, including AT&T v. ITT).
- Analogizes "unauthorized" nature of off-premises unauthorized call to concept of someone stealing a key to customer's premises and using the phone therein.
- As to arguments regarding novel questions of liability or customer and/or carrier liability under tariffs other than AT&T Tariff or for services not offered pursuant to tariff, "such arguments are better left put to the FCC."

Industrial Leasing Corp. v. GTE Northwest, Inc., 818 F.Supp. 1372 (D. Oregon 1992):

While it was clear that ILC never "specifically requested" the calls be made, the tariff allows for billing for calls originating at its numbers and therefore <u>unambiguously</u>

applies to the charges incurred through unauthorized access to ILC's system.

- Directel, Inc. v. AT&T, 12 FCC Rcd 7554 (CCB 1996):
   Reaffirms that party is a customer, and therefore liable for
   "unauthorized" calls pursuant to AT&T's tariff, if calls are
   placed from the customer's equipment.
- Gen. Plumbing Corp. v. NY Tel. Co., 11 FCC Rcd 11799 (CCB 1996):
  Reaffirms that question of liability under tariff hinges on control and ability to, and actuality of, implementing preventative measures.
- Chartways Tech., Inc. v. AT&T, 6 FCC Rcd 2952 (CCB 1991), affd. 8 FCC Rcd 5601 (1993):
- Seminal FCC case holding that AT&T's tariff encompasses unauthorized calls from a customer's phone, particularly where customer had capability to restrict the calls being made therefrom.
